

VIADUCT CYCLEWAY & ENHANCEMENTS

EARLY WORKS

Next week we will pour concrete to construct a raised table across the intersection of Market Place and Customs Street West. So that we can complete this part of the intersection upgrade in one day, we will start work early in the morning.

When

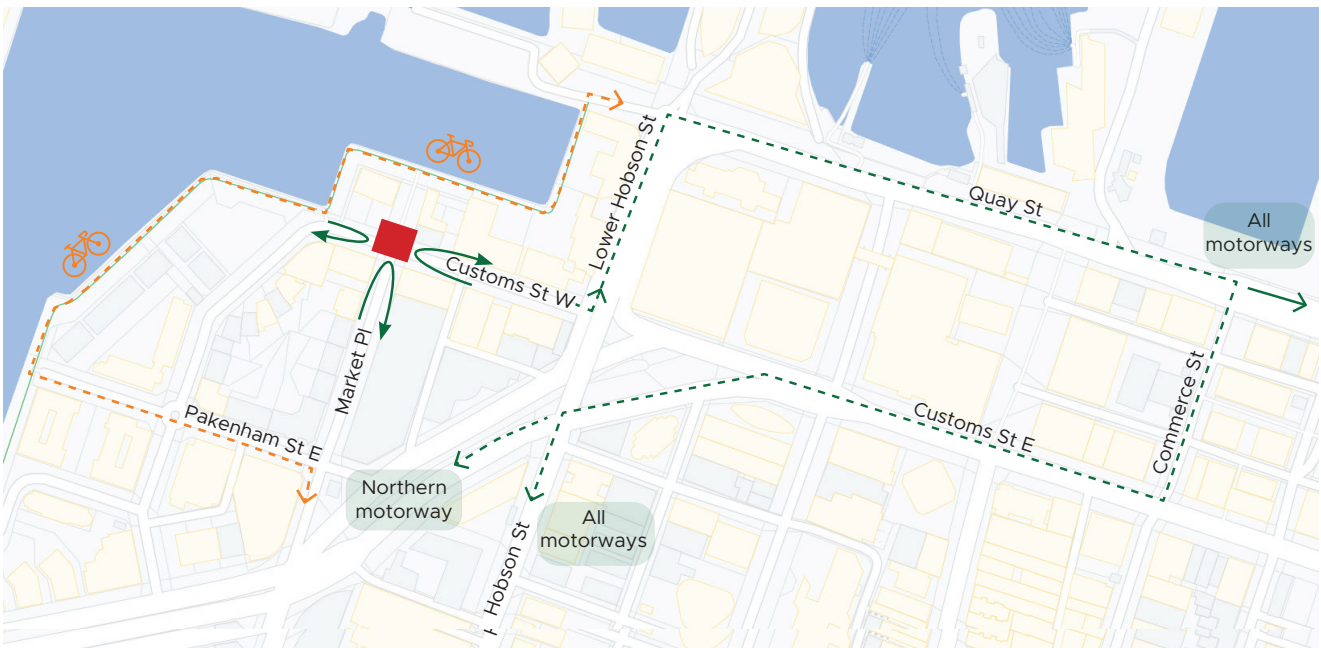

- Monday 10 October 2022
- From 5:00am

What to expect

It takes a lot of concrete to build a raised table. Throughout the day, we will have trucks coming and going and a concrete pump running.

This work will be noisier than usual and we appreciate your patience. We will do our best to minimise disruption and complete the table as quickly as possible.

In the event of bad weather, work will be postponed.
